

Cafarakis clip from you today: I was aware of this and never doubted it is a fake, to further capitalize Onasis/Jackie. I think the timing on these things is interesting. It coincides with the Romero garbage, for example. There is much that can't be true in that Greek non-tragedy. Both of these are the kinds of trash for which Garrison could be expected to grab, and the timing includes his desperation. The Greek could be just a cheap commercialism, but not Romero. It has self-destructs carefully built in. Bob found only one that I can recall, but he is dead right on it. There are many, too many to be accidental or carelessness in lying. Also coinciding is something I just got that I'll tell you about when we are together. I can't help wondering is something is up. A destroyed defamation of CIA helps its p.r. re Watergate. I understand the Romero (ghosted) writing is commercially attractive. All in all, much too much. HW 2/2/73

Nor does their contract simply cover matters in this world. Thanks to a process described as "Cryogenisation," the couple should be in the best possible shape for resuscitation. Their corpses will be put in a lead casket filled with liquid nitrogen.

As for state secrets, Cafarakis discloses that Ari financed a 18-month investigation by private detectives into the death of President Kennedy shortly after his assassination. In 27 pages, the report is said to conclude the Warren Report was a whitewash and to reveal the names of J.F.K.'s assassin.

But just as Jackie was about to send the report off to President Johnson, a mysterious telephone caller warned her not to lest her life and that of her children be endangered.

Still, it comes as something of a let-down to learn from Cafarakis that Ari didn't really intend to marry Jackie at all. In fact, to believe Cafarakis, Ari was all set to remarry Tina after having decided against Maria Callas. But much to the anger of his children, he decided he had to go through with it after Jackie
